the problem

Environmental Stressors

Our scientists confirmed, in collaboration with a renowned university and research center, that environmental stressors damage skin.

Diesel Exhaust Particles

Blue Light

UV Rays

Pollution

Smog

Smoke

the solution

Antioxidant Defense

With repeated testing, our scientists proved antioxidants such as the patented *TimeWise 3D*[®] Complex (also in the *TimeWise*[®] Eye Cream) are a breakthrough for helping to prevent premature skin aging.

Encapsulated resveratrol counteracts the negative effects of free radicals on skin,[†] increases natural protective antioxidants,[‡] and works in harmony with natural antioxidants[‡] to help support the skin barrier.

Vitamin B3, a well-known brightening superpower, targets the look of uneven skin tone and provides additional antioxidant protection.

Age-defying peptide, made up of four amino acids, supports skin's natural collagen and elastin.[†]

the proof

Visible, Clinical Results

Independent clinical studies showed measurable results starting in **2 weeks** with more results over time:

98% of women had a **37% improvement in the look of fine lines** and a **51% increase in skin firmness** after **12 weeks**.^{††}

76% of women had a 20% improvement in the look of wrinkles after 12 weeks.^{††}

The *TimeWise 3D*[®] Complex reduces[‡] free radicals caused by blue light by **29%**.

Visit marykay.com to learn more about this proven protection from pollutants.
